

The Galleon

on Bayfront Park

BUILDING

- All materials were custom home selected to emulate a waterfront cape code design
- Every chosen design element was selected to meet the standards of a high quality custom built home (no builder quality materials used)
- Soundproof walls, ceilings, and floors throughout
- Glass balconies with cedar inset ceilings and flooring
- Broad period exterior moulding
- Solid wooden bedroom and bathroom doors
- Electronic entry system to units
- Permeable paving stones in rear parking lot
- Soundproof windows
- Steel Roof

KITCHEN

- Custom built wooden kitchens
- Backsplashes and counter surfaces are of the highest quality, a backdrop of premium white marble complimented the creamy ocean foam quartz counters
- High end LG stainless steel appliances
- Glass accent cabinetry and custom designed colonial stove hoods
- Crown moulding and accent trims to compliment the design
- Premium hardware selected and imported for kitchens and bathrooms
- Lighting was ordered from California, here the apothecary style was carefully selected in chrome and brass to maintain the period style

BATHROOMS

- Custom built and designed wooden vanities
- Floor and wall surface tiles done in soft whites with a marbleized design
- Accent sills are premium marble ledging
- Floor to ceiling open large scale glass showers with fitted doors with chrome handles
- Elegant Moen hardware throughout all on-site bathrooms
- High set rain shower, shower-heads with pressure adjuster for comfort and convenience
- Quality glass handles on vanities
- Beautiful period designed toilets with matching porcelain sinks

SURFACES

- Royal Dutch Rivergate selection - woolen blend quality carpets to maintain imperial design throughout common corridors
- Seamless engineered hardwood flooring everywhere
- White accent trims, high base boards throughout entire build
- Extra thick mouldings throughout the entire building

LIGHTING

- All lighting throughout the building are high end, custom ordered, period selected to compliment the buildings ship-inspired atmosphere. This includes the use of lanterns, LED spot lighting on exterior of building
- Apothecary overhead island accents
- Lantern-lit hallways and exteriors
